Suggested Size: L7xW13xH3m

Bumper Ball Fighting Games

Item Introduction:

This project has high interest and low technical requirements. It is not easy to score goals in a football game. When a player's upper body is wrapped in a space ball, his hands are bound, and his balance is poor, scoring becomes a luxury. On the contrary, the players lost their balance and bounced on the ground, and the awkward movement of rolling around added a lot of fun to the arena. Football, a competitive sport, has become a fun game sport, which is deeply loved by the public.

How To Play:

The upper body of the player is wrapped in a transparent PVC bumper ball, and only the legs are exposed to run and kick. When the player falls, it will bounce on the ground. The clumsy actions of the players make the game interesting. Goals are no longer important, hitting the opponent is the fun of this game.

Suggested Size: L10xW15xH3m

Obstacle Course

Item Introduction:

This project refers to the scenario simulation of Super Mario, with game elements such as flags, water pipes and bricks. There are drum barrels, trampolines and other equipment that can challenge athletes and give them memories and a taste of childhood.

How To Play:

Recommended for 3-4 people. Each level of the game is equipped with a scoring device. The scoring device requires the player to pass through the bricks and then jump to a certain height.

Suggested Size: L3xW5xH3m

Air Fighting

Item Introduction:

This is a solo match, where two players compete with each other through a fight stick. The fighting stick and the platform are made of inflatable materials, and the color scheme mixes and matches the contrast of yellow and purple, which strongly impacts the vision.

How To Play:

Recommended for 2 people. The two players stand on the column and knock down the opponent with the sticks in their hands to be the winner.

Ninja Course

Item Introduction:

Ninja course is one of the most popular equipment. It requires players to use the power of their arms to complete the level. It is a bit difficult, but it will give players a sense of accomplishment after completion. The internal amusement equipment is also carefully matched and placed, allowing players to smoothly climb the next obstacle.

Suggested Size: L5xW10xH3m

How To Play:

Recommend 1-2 people. Starting from the starting point, the player uses the strength of his arm to cross the barriers, and if he gets tired, he can rest on the platform and move on.

Suggested Size: L3xW3xH6m

Horizontal Bar

Item Introduction:

The origin of horizontal bar movement can be traced back to the various climbing, swinging and other exercises carried out by the ancestors of human beings in the jungle. Players can exercise arm strength and balance through this equipment. We have placed a sponge pool below to prevent players from being injured.

How To Play:

Recommend 1 person. Players stand on the platform, jump to grab the horizontal bar, and then rush to the sponge pool with their hands to compete with family and friends.

Suggested Size: L3xW3xH6m

Balance Fighting

Item Introduction:

The designer uses the appropriate space to combine the three gameplay games in one venue. In order to provide players with a safe environment, a sponge pool has been added underneath, so that players can play without fear. It can increase the friendship between players, which is thrilling and full of challenges.

How To Play:

- Left: It can be divided into two teams. Both teams stand on the single-plank bridge with sponge sticks and push one of them to each other.
- Middle: Players use their flexible steps to pass the ropes to prevent falling.
- Right: The player quickly passed the cable bridge and reached the opposite side.

Suggested Size: L3xW3xH6m

Trampoline

Item Introduction:

One of the most popular games for the whole family. Here, both adults and children can relax their body and mood, and perform various sports and games on the trampoline.

How To Play:

This item can accommodate 6-8 people. With the help of the elasticity of the trampoline, you can jump back and forth repeatedly, and you can also make cool movements.

Suggested Size: L15xW5xH5m

Olympic Professional Trampoline

Item Introduction:

The Olympic Professional trampoline has stronger elastic performance than ordinary trampolines. Professionals can complete more cool actions and difficult performances here.

How To Play:

Recommend 4 people. Players can enjoy the action performance through the side performance platform.

Golf

Item Introduction:

The number inside is the hole of each golf, which is convenient for players to identify. It also uses related elements of golf to design several slides, so that the venue is no longer just a single item, which increases the fun.

Suggested Size: L20xW18xH3m

How To Play:

The player holds the club and swings his arm. According to the rules, the ball is shot from the teeing ground until the ball enters the hole.

Suggested Size: L20xW20xH3m

Basketball Area

Item Introduction:

Do you think that only superstars can do the slam dunk? Here, both boys and girls can experience the taste of slam dunk. You only need to jump easily and use the rebounding power of the trampoline to slam dunk like a star.

How To Play:

With the help of a trampoline, use the bounce from the trampoline to push the human body into the air, increase the jumping ability, and combine with the basketball item to complete the dunk action that you can't usually complete.

Suggested Size: L20xW20xH3m

Inflatable Obstacle Course

Item Introduction:
